Guide Index

Every brochure, ordering guide and product sheet on rhdavey.info. Click any title to open its PDF. Updated 20 November 2026.

Ordering Guides	73 guides
Product Sheets	144 guides
Technical Guides	9 guides
Quick Reference Guides	8 guides
Services	1 guide
Total	**235 guides**

Ordering Guides

73 guides | Full range guides with part numbers, sizes and pack quantities.

ABICOR BINZEL

Abicor Binzel Anti-Spatter: Range & Ordering Guide — 6 pages — Open PDF
Anti-spatter sprays and accessories for torches and workpieces, five product families with order numbers and where to use each.

AFS

AFS Tungsten Carbide Burrs — 8 pages — Open PDF
Cut selection by material, shapes, sizes and ordering codes.

BESSEY

Welding Clamps & Table Clamps — 8 pages — Open PDF
Workholding for fabrication, fit-up and welding tables.

CIBO

CIBO 331GR Sanding Discs — 2 pages — Open PDF
Film-backed hook-and-loop discs: grit guide, hole patterns and order codes.

Flap Discs: Selection & Ordering Guide — 11 pages — Open PDF
Choose CIBO flap discs by the job: steel, stainless, aluminium, performance, lightweight and mounted types, with sizes, grits, maximum rpm and order codes.

Quick Change Lockit / Roloc: Range & Ordering Guide — 11 pages — Open PDF
Threaded quick-change discs and matching holders by application, with grades, sizes and order codes.

Spirabands & Arbors: Range & Ordering Guide — 8 pages — Open PDF
Cylindrical and conical abrasive sleeves in zirconia, ceramic and aluminium oxide, with matching arbors and mounting hardware.

COUGARTRON

Weld Cleaning Machines & Accessories — 9 pages — Open PDF
Electrochemical cleaning for stainless steel TIG and MIG welds.

DAIKO

DAIKO Welding Consumables: Range & Ordering Guide — 15 pages — Open PDF
Specialist fillers for joining and cladding, from duplex and nickel alloys to pressure and structural steels.

DRAPER

Air Line Fittings & Hoses — 8 pages — Open PDF
Hose reels, air hoses, couplings, adaptors and connectors with stock and part numbers.

EWM

EWM Degauss — 4 pages — Open PDF
Degauss 600 and Pico 350 DGS systems for pre-weld demagnetisation and compensation during welding.

EWM Microplasma Welding — 4 pages — Open PDF
25-2, 55-2 and 105-2 DC plasma and TIG sources for fine seams, thin material and mechanised work.

EXACT TOOLS

Exact Tools Pipe Cutting & Bevelling — 4 pages — Open PDF
Pipe-mounted saws, bevel systems and matching blades for fabrication, installation and maintenance.

FEIN

FEIN GRIT Belt Grinding Systems — 9 pages — Open PDF
Belt grinders from compact GKS 75 workshop machines to modular GX, GI, GIR and GIMS systems, with a replacement belt guide.

FEIN Power Tools — 25 pages — Open PDF
Drilling, grinding, sawing, oscillating tools, extraction and batteries, ordered by FEIN code.

FEIN VARIO Tooling & Cordless Impact Wrenches — 5 pages — Open PDF
18 V AMPShare impact wrenches with VARIO drills, countersinks and taps for drilling, tapping and recutting threads.

FIAC

FIAC Air Compressors — 12 pages — Open PDF
Portable piston to rotary screw compressors, chosen by air demand and where you work.

GBC

GBC Pipe Tools and Equipment — 17 pages — Open PDF
Pipe bevellers, cutters, plate and flange prep, fit-up and purging equipment, plus cross-hire options.

GULLCO

Gullco KATBAK Ceramic Weld Backing: Range & Ordering Guide — 4 pages — Open PDF
Ceramic backing that supports the weld root when access is from one side.

HILCO

Hilco MMA Electrodes: Range & Ordering Guide — 6 pages — Open PDF
Manual metal arc electrodes for fabrication, pipe welding and repair.

HYPERTHERM

Powermax: Range & Ordering Guide — 6 pages — Open PDF
Powermax plasma cutting systems, SmartSYNC cartridges and essential consumable kits, by order reference.

HYUNDAI

Welding Consumables: Range & Ordering Guide — 11 pages — Open PDF
Low-hydrogen, stainless and self-shielded electrodes, cored wire and solid filler metals, by order reference.

IABCO

IABCO Filler Wires — 15 pages — Open PDF
MIG, TIG and submerged arc wires, strip and flux in aluminium, steel, stainless, nickel and hardfacing grades.

JASIC

Jasic TIG Range & Accessories Guide — 4 pages — Open PDF
Choose the machine, cooling package and controls: EVO Power, EVO and PRO.

JEI

JEI Cutting Tooling: Ordering Guide — 9 pages — Open PDF
Code patterns and size tables for annular cutters and more.

JEI Magnetic Drills & Machine Options — 16 pages — Open PDF
MiniBeast, MagBeast, Turbo, MidiBeast, AirBeast and RailBeast drills with chucks, arbors and tapping options.

JEI SteelBeast Machinery — 36 pages — Open PDF
Bevellers, welding carriages, positioners and hydraulic punching and sawing equipment.

KEMPER

Kemper Welding Fume Extraction — 16 pages — Open PDF
Mobile, stationary, high-vacuum and central extraction, arms, tables and hall ventilation for welding fume.

Kemper Welding Fume Extraction Selector — 6 pages — Open PDF
Match the capture method to the job, then size the extractor by duty, with published airflow, filter area and bench-test filter life.

KJELLBERG

Kjellberg MMA Electrodes — 26 pages — Open PDF
Rutile, basic, cellulosic, stainless and hardfacing stick electrodes, ordered by Kjellberg code.

LC LASERS

LC Lasers: Welding & Cleaning Systems — 13 pages — Open PDF
Handheld laser welders, pulsed and continuous-wave cleaners and laser-protection cabins, supplied through Parweld.

LORCH

Lorch iQS Flagship MIG/MAG — 6 pages — Open PDF
iQS 3 and iQS 5 production MIG/MAG platform, 320 A or 400 A at 60% duty cycle, with feeder and cooling options.

MERCATOR

Disposable Nitrile Gloves — 4 pages — Open PDF
Ideall Grip and Nitrylex disposable nitrile gloves, chosen by grip, cuff length and pack size.

MIGHTY SEVEN

Air Tools: Range & Ordering Guide — 8 pages — Open PDF
Pneumatic impact wrenches, ratchets, riveting and sheet-metal tools, hammers and needle scalers, by order reference.

MOSA

Welder Generators: Range & Ordering Guide — 4 pages — Open PDF
Engine-driven welder generators for mobile welding and site auxiliary power, by model.

MWA INTERNATIONAL

MWA International Welding Electrodes: Range & Ordering Guide — 20 pages — Open PDF
British-made electrodes for fabrication, specialist joining, maintenance and repair.

NST

MIG/MAG Welding Wires — 15 pages — Open PDF
Solid, flux-cored and metal-cored wire for fabrication, repair and specialist steelwork.

NST Kerback Ceramic Weld Backing: Ordering Guide — 6 pages — Open PDF
Choose the Kerback profile to suit the joint preparation, from square groove to bulb and trapezoid.

PARWELD

Industrial Markers: Range & Ordering Guide — 9 pages — Open PDF
Markal, Sakura and French chalk markers: preheat and interpass temperature sticks, paint markers, fine pens and crayons.

Parweld PPE & Workplace Protection: Ordering Guide — 39 pages — Open PDF
XR helmets and powered-air systems, spares, Panther gloves and workwear, eyewear, respirators, lenses and screens.

Welding Consumables Range & Ordering Guide — 30 pages — Open PDF
Wires, TIG rods, electrodes and brazing alloys for fabrication, maintenance and repair.

PREDATOR

Work Gloves: Coloursafe, TouchSafe, WaterSafe & PlanetSafe — 10 pages — Open PDF
Choose grip, dexterity, cut, wet and cold protection by application, with EN 388 codes.

R H DAVEY

17 Style TIG Torch Parts — 3 pages — Open PDF
Air-cooled 17-style TIG torch bodies, back caps, collets, nozzles and consumables with order codes and exploded view.

18 Style TIG Torch Parts — 3 pages — Open PDF
Water-cooled 18-style TIG torch bodies, back caps, collets, nozzles and consumables with order codes and exploded view.

20 Style TIG Torch Parts — 3 pages — Open PDF
Water-cooled 20-style TIG torch bodies, back caps, collets, nozzles and consumables with order codes and exploded view.

26 Style TIG Torch Parts — 3 pages — Open PDF
Air-cooled 26-style TIG torch bodies, back caps, collets, nozzles and consumables with order codes and exploded view.

9 Style TIG Torch Parts — 3 pages — Open PDF
Air-cooled 9-style TIG torch bodies, back caps, collets, nozzles and consumables with order codes and exploded view.

ROSVER

Rosver Spindle-Mounted Wire Brushes: Range & Ordering Guide — 7 pages — Open PDF
Circular, cup and end brushes for weld cleaning, rust removal and deburring, chosen by contact shape, with order codes.

RUKO

Ruko UltimateCut Range — 8 pages — Open PDF
FLOWSTEP twist drills, step drills, countersinks and combination taps for metalworking.

SAFRA

Safra Aluminium Fillers — 14 pages — Open PDF
Aluminium MIG wires and TIG rods in 4043, 5356, 5183 and other alloys, with spool and pack sizes.

Safra Copper Alloy Fillers — 7 pages — Open PDF
Copper, bronze and silicon bronze MIG wires and TIG rods for welding and brazing.

SELECTARC

Selectarc MMA Electrodes: Range & Ordering Guide — 12 pages — Open PDF
Coated electrodes for fabrication, specialist joining, casting repair and hardfacing.

SHINDAIWA

Shindaiwa UK Industrial Equipment — 7 pages — Open PDF
Petrol and diesel welder generators, PowerCenter, and Site Bright hazardous-area lighting and distribution.

SIF

Filler Metals: Range & Ordering Guide — 26 pages — Open PDF
Welding, brazing and soldering fillers by parent metal and process, with order codes and links to the supplier grade data.

SIF CeramiBac Ceramic Weld Backing — 2 pages — Open PDF
Rounded, square, segmented and round backing profiles with SIF part numbers.

SITE-ARC

Welder Generators and Power — 6 pages — Open PDF
Engine-driven welders, tracked TW and TWD models and standalone generators from Stiln Ltd.

SOLPRO

Brazing & Soldering: Range & Ordering Guide — 8 pages — Open PDF
Sheffield-made silver brazing alloys and copper-phosphorus fillers, with flux selection and ordering references.

STANVAC

Stanvac Welding Electrodes — 4 pages — Open PDF
Electrode range for fabrication, maintenance and repair.

STEALTH

PPE: Range & Ordering Guide — 11 pages — Open PDF
Welding helmets, goggles and lenses, respiratory protection and PAPR headtop spares, by order reference.

Welding Machines: Range & Ordering Guide — 10 pages — Open PDF
Stealth and Cobra by Stealth MIG, multiprocess, TIG and MMA power sources, by model.

STRONG HAND TOOLS

Fixtures & Fit-Up Tools: Range & Ordering Guide — 10 pages — Open PDF
Welding tables, Rhino Cart fixtures, locking pliers and utility clamps, by order reference.

SWP

Air Line Fittings — 5 pages — Open PDF
Adaptors, quick couplings, composite fittings, hoses and connectors.

SWP Redline Machines: Range & Ordering Guide — 6 pages — Open PDF
Compact stick, MIG, TIG and plasma machines for fabrication, maintenance and mobile repairs.

Welding Consumables: Range & Ordering Guide — 22 pages — Open PDF
Aluminium, stainless, steel and copper alloy wires, electrodes and brazing alloys, plus tungsten electrodes and fluxes, by order code.

TERRAX

Terrax Drilling & Threading Tools — 10 pages — Open PDF
Terrax by Ruko twist drills, step drills, Weldon core drills, taps and dies, in sets and singles.

THERMACUT

Thermacut Plasma Torch Parts: Hypertherm®-Compatible — 75 pages — Open PDF
Hypertherm-compatible plasma torch parts with original part-number cross-references.

TYROLIT

CERABOND X Abrasives — 8 pages — Open PDF
Cut-off wheels, grinding wheels, flap discs and fibre discs by job.

Tyrolit ONE Abrasives — 4 pages — Open PDF
Entry-level angle grinder discs for steel and stainless steel.

WELD STAR

TIG Filler Wires: Range & Ordering Guide — 12 pages — Open PDF
135 ordering codes across 41 grades and nine material and application categories.

WELDGAS

Gas Regulators — 8 pages — Open PDF
Eco, premium, two-stage and specialist cylinder regulators with part numbers.

Weldgas Fitted Gas Hoses: Range & Ordering Guide — 6 pages — Open PDF
Single and twin hose assemblies for oxy-fuel equipment, standard and heavy-duty.

Weldgas Torches & Nozzles: Range & Ordering Guide — 14 pages — Open PDF
Match the torch family and gas to the job, then pick the nozzle, attachment or kit.

YAHANDA

Yahanda Welding Tables & Fixturing: Range & Ordering Guide — 6 pages — Open PDF
Modular D16 and D28 welding tables for steel fabrication, fit-up and repeat work.

Product Sheets

144 guides | One-page sheets for individual machines and products.

CIBO

CIBO 43A Flap Discs — 1 page — Open PDF
Flat TAF aluminium-oxide disc for grinding and scratch refinement with a broad grit choice from P40 to P220.

CIBO 43C Flap Discs — 1 page — Open PDF
Flat TAF silicon-carbide disc. Choose the grit for the required scratch pattern, from P60 through the finer P220 and P320 grades.

CIBO 61Z Flap Discs — 1 page — Open PDF
Flat TAF zirconia disc. Coarser P36 and P40 grades focus on material removal. Finer grits suit progressive blending.

CIBO 91Z Flap Discs — 1 page — Open PDF
Conical TAF zirconia disc for localised grinding and dressing edges. Choose coarse grit for stock removal and finer grit for blending.

CIBO FAC Flap Discs — 1 page — Open PDF
Conical aluminium flap disc for weld dressing and edge work. The top-coated zirconia abrasive is designed to limit loading on aluminium.

CIBO FAF Flap Discs — 1 page — Open PDF
Flat zirconia disc developed for aluminium. Choose the flat face for blending on broad surfaces, with P40 for faster removal and P60 for a finer scratch pattern.

CIBO FCC Flap Discs — 1 page — Open PDF
Curved ceramic flap disc for blending welds and grinding where a shaped face helps follow the workpiece.

CIBO FNC Flap Discs — 1 page — Open PDF
Industrial conical flap discs for steel fabrication, 115 to 180mm.

CIBO FNF Flap Discs — 1 page — Open PDF
Flat zirconia disc for steel fabrication. The flat face suits broad surfaces where you want to blend welds or grind without digging into adjacent metal.

CIBO FNPC Flap Discs — 1 page — Open PDF
Conical, plastic-backed steel disc for weld dressing and deburring. The bevel helps keep the abrasive in contact along a weld toe or edge.

CIBO FNPF Flap Discs — 1 page — Open PDF
Flat, plastic-backed steel disc for controlled grinding on broad faces. Use the coarse P40 grade for removing weld metal and shaping.

CIBO FOV Flap Discs — 1 page — Open PDF
Extended ceramic flaps reach into inside corners and around welds in profiles. The overhanging abrasive reduces the chance that the backing contacts the workpiece.

CIBO FOZ Flap Discs — 1 page — Open PDF
Extended zirconia flaps follow inside welds and contours on steel and stainless steel. The overhanging flaps allow the abrasive to reach into the joint.

CIBO FPC Flap Discs — 1 page — Open PDF
Conical Performance disc for general metal fabrication. Choose it for fast weld dressing and shaping across a mixed workload. P60 and P80 suit progressively finer blending.

CIBO FPF Flap Discs Flat Performance disc for mixed-metal fabrication. Choose the flat face when blending across a broad surface and controlling the depth of cut matters.	1 page	Open PDF
CIBO FSC Flap Discs Industrial conical flap discs for stainless steel, grits 40 to 120.	1 page	Open PDF
CIBO FSF Flap Discs Flat zirconia disc for stainless steel. Choose for lighter-pressure grinding or scratch refinement on broad surfaces. P120 gives the finest scratch pattern in this range.	1 page	Open PDF
CIBO FSPC Flap Discs Conical, plastic-backed zirconia disc for stainless weld dressing and edge work at lighter pressure.	1 page	Open PDF
CIBO FSPF Flap Discs Flat, plastic-backed zirconia disc for stainless work. The flat face suits controlled blending across a broad surface.	1 page	Open PDF
CIBO FTC Flap Discs Conical ceramic disc for heavy stock removal on welds and edges. The abrasive is designed to cut under high working pressure. Select P40 for stock removal and finer grits to dress the surface.	1 page	Open PDF
CIBO FTF Flap Discs Flat ceramic disc designed for high-pressure grinding. Choose this profile to remove material on broad surfaces while controlling gouging.	1 page	Open PDF
CIBO FTPC Flap Discs Conical ceramic disc on plastic backing for heavy weld dressing and work along an edge. The Ultimate abrasive is designed for high working pressure.	1 page	Open PDF
CIBO FTPM Flap Discs Flat ceramic disc for heavy grinding with an integrated M14 thread. Mount only on a compatible M14 grinder spindle.	1 page	Open PDF
CIBO K3K Fibre Discs Zirconia fibre discs for grinding, weld finishing and demanding metalwork.	2 pages	Open PDF
CIBO LVT Flap Discs Non-woven flaps refine the existing scratch pattern and produce an even decorative finish on stainless steel and compatible non-ferrous metals. Choose RC1 Coarse, RC2 Medium or RC3 Very Fine.	1 page	Open PDF
CIBO LVZ34 Flap Discs 115mm flat zirconia TAF disc for blending and grinding on broad faces.	1 page	Open PDF
CIBO LVZ38 Flap Discs R H Davey Welding Supplies Ltd · 023 8033 9443 · sales@rhdaveywelding.co.uk 01 67–69 Quayside Road, Southampton SO18 1AE © R H Davey Welding Supplies Ltd · Design and editorial content	1 page	Open PDF
CIBO LVZ42 Flap Discs 125mm flat zirconia TAF disc for blending and grinding across broad faces.	1 page	Open PDF
CIBO LVZ44 Flap Discs R H Davey Welding Supplies Ltd · 023 8033 9443 · sales@rhdaveywelding.co.uk 01 67–69 Quayside Road, Southampton SO18 1AE © R H Davey Welding Supplies Ltd · Design and editorial content	1 page	Open PDF
CIBO MLRC Flap Discs 75mm Quick Change combi disc for controlled blending of light welds and refining coarse scratches. Fits a compatible Lockit or Roloc holder.	1 page	Open PDF
CIBO MLZV Flap Discs Compact zirconia flap disc for controlled stock removal and local deburring. Match it to a Lockit or Roloc holder of the correct diameter.	1 page	Open PDF
CIBO MSRC Flap Discs 75mm Quick Change combi disc for controlled blending of light welds and refining coarse scratches. Fits a compatible Socatt holder.	1 page	Open PDF
CIBO MSZV Flap Discs Compact zirconia flap disc for controlled stock removal and local deburring. Match it to a Socatt holder of the correct diameter.	1 page	Open PDF

CIBO RCD Flap Discs — 1 page — Open PDF
Abrasive cloth cuts the weld while non-woven flaps blend the surrounding surface. Choose VF, ME or CO for controlled blending and UC or XC when the job needs more stock removal.

GYS

GYS COSMOS — 3 pages — Open PDF
400-500A separate-feeder pulse MIG systems for industrial, sustained-output work.

GYS E-MULTIWELD — 3 pages — Open PDF
200A synergic MIG, MMA and lift TIG multiprocess machine, 110 V or 230 V.

GYS EASYMIG — 3 pages — Open PDF
Portable 85-160A compact MIG inverters for everyday jobs.

GYS EXAGON — 10 pages — Open PDF
400A CC/CV multiprocess systems for MMA, MIG/MAG, DC TIG and gouging, standard and Flex.

GYS GALAXY — 3 pages — Open PDF
250-400A synergic pulsed MIG for workshop use.

GYS KRONOS — 3 pages — Open PDF
250-400A synergic multiprocess MIG with control for every workshop.

GYS MULTIPEARL — 3 pages — Open PDF
200A synergic MIG, MMA and lift TIG multiprocess machine.

GYS MULTIWELD — 3 pages — Open PDF
180-400A manual MIG and MMA machines for the workshop.

GYS NEOMIG-I — 3 pages — Open PDF
400-500A industrial synergic MIG built for continuous work.

GYS NEOPULSE — 3 pages — Open PDF
320-500A synergic pulsed MIG with production control.

GYS SMARTMIG — 3 pages — Open PDF
110-180A conventional MIG, simply ready to weld.

GYS VIRTUO — 3 pages — Open PDF
220-320A premium pulse MIG on the LEGEND M digital platform.

JASIC

EVO MIG 160 PFC (EM-160C) — 1 page — Open PDF
MIG/MAG, MMA, DC lift TIG. Portable synergic.

EVO MIG 200 PFC (EM-200C) — 1 page — Open PDF
MIG/MAG, MMA, DC lift TIG. Portable synergic.

EVO MIG 200 PFC CT (EM-200CT) — 1 page — Open PDF
MIG/MAG, MMA, DC lift TIG. Trolley-mounted compact.

EVO MIG 250 PFC CT (EM-250CT) — 1 page — Open PDF
MIG/MAG, MMA, DC lift TIG. Trolley-mounted compact.

EVO MIG 350 CT (EM-350CT) — 1 page — Open PDF
MIG/MAG, MMA, DC lift TIG. Trolley-mounted compact.

EVO MIG 350 S (EM-350S) — 1 page — Open PDF
MIG/MAG, MMA, DC lift TIG. Separate feeder, Air-cooled.

EVO MIG 350 S (EM-350S-WC) — 1 page — Open PDF
MIG/MAG, MMA, DC lift TIG. Separate feeder, Water-cooled.

EVO MIG 500 S (EM-500S) — 1 page — Open PDF
MIG/MAG, MMA, DC lift TIG. Separate feeder, Air-cooled.

EVO MIG 500 S (EM-500S-WC) — 1 page — Open PDF
MIG/MAG, MMA, DC lift TIG. Separate feeder, Water-cooled.

EVO Power MIG 160 (EPM-160) — 1 page — Open PDF
MIG/MAG, MMA. Portable compact.

EVO Power MIG 200 (EPM-200) — 1 page — Open PDF
MIG/MAG, MMA. Portable compact.

EVOLVE 200 (JEV-200DP) Pulse MIG/MAG, MMA, DC Tig. Compact multiprocess.	1 page	Open PDF
PRO MIG 250 Pulse (JM-250P) Pulse MIG/MAG, MMA, DC lift TIG. Compact, Single pulse.	1 page	Open PDF
PRO MIG 270 Separate (JM-272S) Separate. MIG/MAG, MMA.	1 page	Open PDF
PRO MIG 270 Separate (JM-272S-WC) Separate. MIG/MAG, MMA.	1 page	Open PDF
PRO MIG 350 Pulse (JM-350P) Pulse MIG/MAG, MMA. Separate feeder, Water-cooled.	1 page	Open PDF
PRO MIG 500 Pulse (JM-500P) Pulse MIG/MAG, MMA. Separate feeder, Water-cooled.	1 page	Open PDF
EVO ARC 160 PFC (EA-160) MMA, DC lift TIG. Wide-voltage PFC.	1 page	Open PDF
EVO ARC 200 PFC (EA-200) MMA, DC lift TIG. Wide-voltage PFC.	1 page	Open PDF
EVO Power ARC 140 (EPA-140) MMA, DC lift TIG. Portable stick inverter.	1 page	Open PDF
EVO Power ARC 160 (EPA-160) MMA, DC lift TIG. Portable stick inverter.	1 page	Open PDF
EVO Power ARC 180 (EPA-180) MMA, DC lift TIG. Portable stick inverter.	1 page	Open PDF
PRO ARC 400 (JA-402C) MMA, DC lift TIG. Cellulosic electrode mode.	1 page	Open PDF
EVO Power TIG 200 (EPT-200) DC TIG / MMA, air-cooled torch.	1 page	Open PDF
EVO TIG 200 PFC (ET-200) DC TIG / MMA, air-cooled torch.	1 page	Open PDF
EVO TIG 200P AC/DC PFC (ET-200PACDC) AC/DC pulse TIG / MMA, air-cooled torch.	1 page	Open PDF
EVO TIG 200P AC/DC PFC WC (ET-200PACDC-WC) AC/DC pulse TIG / MMA, water-cooled torch.	1 page	Open PDF
EVO TIG 200P PFC (ET-200P) DC pulse TIG / MMA, air-cooled torch.	1 page	Open PDF
EVO TIG 200P PFC WC (ET-200P-WC) DC pulse TIG / MMA, water-cooled torch.	1 page	Open PDF
EVO TIG 300P (ET-300P) DC pulse TIG / MMA, air-cooled torch.	1 page	Open PDF
EVO TIG 300P WC (ET-300P-WC) DC pulse TIG / MMA, water-cooled torch.	1 page	Open PDF
EVO TIG 320P AC/DC (ET-320PACDC) AC/DC pulse TIG / MMA, air-cooled torch.	1 page	Open PDF
EVO TIG 320P AC/DC WC (ET-320PACDC-WC) AC/DC pulse TIG / MMA, water-cooled torch.	1 page	Open PDF
PRO TIG 200P AC/DC (JT-202A) AC/DC pulse TIG / MMA, air-cooled torch.	1 page	Open PDF
PRO TIG 200P AC/DC WC (JT-202A-WC) AC/DC pulse TIG / MMA, water-cooled torch.	1 page	Open PDF
PRO TIG 400P WC (JT-400P) DC pulse TIG / MMA, water-cooled torch.	1 page	Open PDF
PRO TIG 500P AC/DC WC (JT-500D) AC/DC pulse TIG / MMA, water-cooled torch.	1 page	Open PDF

Power TIG 180 SE (JPT-180) DC TIG / MMA, air-cooled torch.	1 page	Open PDF
EVO CUT 100 (EP-100) Air Plasma Cutting. External air supply.	1 page	Open PDF
EVO CUT 100 SC (EP-100SC) Air Plasma Cutting. Compressor-equipped package.	1 page	Open PDF
EVO CUT 45 PFC (EP-45) Air Plasma Cutting. External air supply.	1 page	Open PDF
EVO CUT 45 PFC SC (EP-45SC) Air Plasma Cutting. Compressor-equipped package.	1 page	Open PDF
EVO CUT 80 (EP-80) Air Plasma Cutting. External air supply.	1 page	Open PDF
EVO CUT 80 SC (EP-80SC) Air Plasma Cutting. Compressor-equipped package.	1 page	Open PDF
MAX CUT 125 (MC-125) Air Plasma Cutting. External air supply.	1 page	Open PDF
MAX CUT 160 (MC-160) Air Plasma Cutting. External air supply.	1 page	Open PDF
PRO CUT 60 (JP-61) Air Plasma Cutting. External air supply.	1 page	Open PDF

JEI

JEI Cutting Tooling: Range & Selection Annular cutters, TCT holesaws, drilling, reaming and tapping tools.	8 pages	Open PDF

KEMPER

Kemper AirDome (390650) Hall ventilation, order reference 390650. Large halls or enclosures.	2 pages	Open PDF
Kemper ArcFil (20531) Central extraction, order reference 20531. Engineered extraction for robotic arc welding. Match to.	2 pages	Open PDF
Kemper ArcFil Pro (3565) Central extraction, order reference 3565. Robotic welding cells where automatic demand-based.	2 pages	Open PDF
Kemper Cartridge Filter Unit · One Arm (83100106) Stationary extraction, order reference 83100106. One fixed hood for repetitive welding with a high fume.	2 pages	Open PDF
Kemper Cartridge Filter Unit · Two Arms (83200106) Stationary extraction, order reference 83200106. Two fixed arms on a shared filter unit. Check flow with.	2 pages	Open PDF
Kemper CleanAirTower (390620) Hall ventilation, order reference 390620. Supplementary hall ventilation.	2 pages	Open PDF
Kemper CleanAirTower SF 9000 (390450) Hall ventilation, order reference 390450. Supplementary hall ventilation.	2 pages	Open PDF
Kemper Dusty Evo (63202) High-vacuum extraction, order reference 63202. Intermittent work with a compatible extraction torch or.	3 pages	Open PDF
Kemper FilterCell XL (6020204) Stationary extraction, order reference 6020204. Fixed source capture via a connected hood, table or.	2 pages	Open PDF
Kemper FilterMaster XL (62100102) Mobile arm extraction, order reference 62100102. Higher fume loading and long runs where automatic.	2 pages	Open PDF
Kemper FilterTable (950400006) Integrated extraction tables, order reference 950400006. Welding at a fixed bench.	2 pages	Open PDF
Kemper FilterTable Clean (95520501) Integrated extraction tables, order reference 95520501. Continuous welding at a fixed bench.	2 pages	Open PDF

Kemper FilterTable GWT (950400020) 2 pages Open PDF
Integrated extraction tables, order reference 950400020. Welding at a larger fixed bench.

Kemper KemJet (998800407) 2 pages Open PDF
Hall ventilation, order reference 998800407. Mixed-ventilation installation.

Kemper LaserFil (27760) 2 pages Open PDF
Central extraction, order reference 27760. Laser cutting tables where local capture and the filter.

Kemper LaserFil Pro (3720) 2 pages Open PDF
Central extraction, order reference 3720. Engineered laser cutting extraction. Specify material,.

Kemper MaxiFil (65653100) 2 pages Open PDF
Mobile arm extraction, order reference 65653100. Regular mobile welding with moderate fume loading.

Kemper MaxiFil AK (65650AK102) 2 pages Open PDF
Mobile arm extraction, order reference 65650AK102. Mobile source capture with a separate carbon stage.

Kemper MaxiFil Clean (67250105) 2 pages Open PDF
Mobile arm extraction, order reference 67250105. Continuous welding with high fume loading and.

Kemper MaxiFil Stationary (65850107) 2 pages Open PDF
Stationary extraction, order reference 65850107. Permanent single-bay source capture with a.

Kemper PlasmaFil (22230) 2 pages Open PDF
Central extraction, order reference 22230. Plasma and flame cutting with a matched extraction.

Kemper PlasmaFil Pro (3250112) 2 pages Open PDF
Central extraction, order reference 3250112. Industrial plasma or flame cutting with central plant.

Kemper ProfiMaster · One Arm (60650104) 2 pages Open PDF
Mobile arm extraction, order reference 60650104. Occasional to frequent welding with one repositionable.

Kemper ProfiMaster · Two Arms (60650DA100) 2 pages Open PDF
Mobile arm extraction, order reference 60650DA100. Two capture points on a shared filter. Check.

Kemper SmartFil (64650100) 2 pages Open PDF
Mobile arm extraction, order reference 64650100. Regular welding with moderate loading where a.

Kemper SmartMaster (64300) 2 pages Open PDF
Mobile arm extraction, order reference 64300. Occasional repairs and short runs with light fume.

Kemper VacuFil 2000 (82820) 2 pages Open PDF
High-vacuum extraction, order reference 82820. Central high-vacuum capture for multiple workstations.

Kemper VacuFil 4000 (82840) 2 pages Open PDF
High-vacuum extraction, order reference 82840. Central high-vacuum plant for a larger multi-station.

Kemper VacuFil 500 (82755) 2 pages Open PDF
High-vacuum extraction, order reference 82755. Shared high-vacuum extraction across several.

Kemper VacuFil Compact (82361) 3 pages Open PDF
High-vacuum extraction, order reference 82361. Regular manual welding with one compatible extraction.

Kemper VacuFil Compact Twin (82380) 3 pages Open PDF
High-vacuum extraction, order reference 82380. Sustained use with two torch connections. Confirm.

Kemper WallMaster (65750) 2 pages Open PDF
Stationary extraction, order reference 65750. Wall-mounted modular filter for an arm or duct and a.

Kemper WeldFil (34270) 2 pages Open PDF
Central extraction, order reference 34270. Large ducted extraction networks serving multiple bays.

Kemper WeldFil Compact (3475) 2 pages Open PDF
Central extraction, order reference 3475. Central filtration for a smaller ducted welding network.

LORCH

MicorMIG Multiprocess Range 8 pages Open PDF
300 to 500A synergic MIG-MAG, TIG and MMA platform with upgrade packages.

MicorSTEEL 400 & 500 — 2 pages — Open PDF
Productive MIG-MAG and MMA machines for steel fabrication, with SpeedArc.

METABO

Metabo WEA Auto-Balancer Angle Grinders — 1 page — Open PDF
WEA 17-125 Quick with integrated Auto-Balancer and VibraTech handle, with order codes and declared vibration.

PARWELD

Parweld XTM Welding Machines — 5 pages — Open PDF
Portable to industrial MIG range, 160 to 500A.

Parweld XTT TIG Machines — 5 pages — Open PDF
Pulsed TIG range from portable to production, 200 to 315A.

Parweld XTS MMA Inverters — 7 pages — Open PDF
Portable stick welders with Lift TIG, 160 to 200A, from 230V workshop to dual-voltage site machines.

R H DAVEY

Perfect Pairs 01: Metabo WEA and Tyrolit Rondeller — 1 page — Open PDF
A balanced grinder and the right disc for repeat weld dressing.

SIA

SIA 4819 Siaron 8 Fibre Discs — 2 pages — Open PDF
High-removal, long-life fibre discs for unalloyed steels and non-ferrous metals.

STEALTH

Stealth-XG Welding & Grinding PAPR — 4 pages — Open PDF
Flip-up helmet, three airflow settings, consumables and spares.

THEO

THEO MA1 Laser Welding — 5 pages — Open PDF
Air-cooled handheld fibre laser systems for sheet metal fabrication.

TOOLBANK

Toolbank Economy Paint Brushes — 1 page — Open PDF
Black plastic handled workshop paint brushes in five widths from 1" to 4", with quantity breaks.

TYROLIT

Tyrolit Cerabond X CA-P95 Ceramic Fibre Discs — 1 page — Open PDF
New ceramic fibre discs for fast removal on steel and non-ferrous metals.

Tyrolit Cut & Grind Discs — 1 page — Open PDF
Type 27 combi discs, Basic and Premium, for cutting, deburring and grinding steel and stainless.

Tyrolit Jute Fibre Discs — 1 page — Open PDF
Natural fibre backed discs in zirconia or CERABOND X ceramic for grinding steel and stainless.

Tyrolit Rondeller Discs — 1 page — Open PDF
Curved-profile discs for grinding and shaping rounded steel and stainless workpieces.

WELTEK

Navishock KM9700P Grinding PAPR — 3 pages — Open PDF
Hard hat, clear grinding visor and powered filtration kit with spares.

Technical Guides

9 guides | Selection and application guidance.

R H DAVEY

Filler Metal Selection — 4 pages — Open PDF
Match ISO and AWS classifications for carbon steel, stainless and aluminium, with dilution, hydrogen control and certificates.

Fit-Up and Tack Welding — 5 pages — Open PDF
ISO 9692-1 joint preparations, gap and mismatch checks, tack sequence, distortion allowances and pipe purge set-up.

Reading a Welding Procedure Specification — 4 pages — Open PDF
How to read a WPS: process, consumables, heat input calculations, preheat, interpass, WPQR and welder approval.

Shielding Gas Selection — 5 pages — Open PDF
ISO 14175 gas groups, mix tolerances, transfer modes, TIG flow rates, back purging and safe gas handling.

Weld Imperfections and Troubleshooting — 6 pages — Open PDF
ISO 6520-1 imperfections with causes, detection and ISO 5817 acceptance examples, plus machine troubleshooting.

Welding Filler Metal Approvals Register — 70 pages — Open PDF
Find a grade by part number and see the approvals evidence recorded for it, with source links and notes on checking the current certificate.

Welding Joint Types — 4 pages — Open PDF
Butt, tee, lap, corner and edge joints, weld forms, groove preparations and fit-up terms.

Welding Positions — 4 pages — Open PDF
ISO 6947 positions PA to PK compared with AWS 1G to 6G, with vertical, overhead and pipe set-up checks.

Welding Symbols — 5 pages — Open PDF
Read ISO 2553 and AWS A2.4 weld symbols: fillet size, intermittent welds, supplementary marks and common mistakes.

Quick Reference Guides

8 guides | Short guides and charts for quick answers.

CIBO

Flap Disc Selection Guide — 2 pages — Open PDF
Which flap disc to choose: FNC for steel or FSC for stainless.

KEMPER

Kemper Filter Quick Reference — 2 pages — Open PDF
Find the extractor model, then match its main filter, pre-filter and auxiliary filter stages. Click a model to open its product sheet.

R H DAVEY

Product Catalogue: Abrasives — 35 pages — Open PDF
Cutting, stock removal, deburring and surface finishing.

Product Catalogue: Consumables — 114 pages — Open PDF
MIG wire, TIG rods, MMA electrodes, brazing and soldering fillers.

Product Catalogue: Machines — 43 pages — Open PDF
Welders, plasma systems and engine-driven site power.

Product Catalogue: Safety — 49 pages — Open PDF
Welding helmets, respiratory protection, gloves and workwear.

Product Catalogue: Torches & Parts — 79 pages — Open PDF
Complete torches and front-end parts for MIG, TIG and plasma.

Product Catalogue: Workshop Equipment — 41 pages — Open PDF
Workholding, drilling, site services, extraction and compressed air.

Services

1 guide | Services offered by R H Davey.

R H DAVEY

CP7 & CP47 Gas Equipment Examinations — 2 pages — Open PDF
Which examination you need for portable and mobile cylinder equipment.
